

Dear Families, Friends, and Visitors,

We're writing to share an important update about ongoing improvements at Wilhelm's Mausoleum. The completion of the elevator replacement project is almost here!

While we did experience some setbacks to our original timeline – the custom doors we ordered arrived damaged and had to be reordered – progress is now moving forward again. The new doors are currently being painted and will begin installation on October 27.

As long as there are no additional delays, we anticipate the project **will wrap up by December, and our elevator will be available to families and visitors.**

Until the elevator replacement is completed, please note:

- Only the 5th floor will be wheelchair accessible during this period.
- Access to all floors will remain available via alternative methods, but they may not accommodate all mobility needs.

We understand this may be an inconvenience for some visitors, and our team is here to help with on-site guidance, information, and alternative support whenever possible.

Thank you for your continued patience and understanding. If you have questions or need assistance planning your visit, we encourage you to reach out to us at (503) 894-7611.
